

Advanced Aerobatics

Updated: 28-nov-2008

The Aero Club Milano FTO organizes Advanced Aerobatics courses.

Course is open to all pilots as well as simple enthusiasts wishing to improve their knowledge about aerobatic flight. For pilots, course attendance is necessary to move to higher competition levels.

Course programme is:

1. Lesson 1: Course introduction, airplanes for advanced aerobatics, aviation medicine
2. Lesson 2: Aerostructures and performance
3. Lesson 3: Advanced aerobatic maneuvers and piloting techniques
